Sizes and specifications are subject to change at anytime.

Warnings

- Please read the following as any damage to the screen surface will affect the quality of the picture:
 1. Avoid contact or touching the screen surface as it may cause scratches or tears.
 2. Do not write or draw on the surface
 3. Clean the screen with a soft cloth and lukewarm water. Do not use any detergent or cleaning products.
- To avoid injury, two people are necessary for both assembly and storage.
- Please use in a location shielded from the elements, especially wind. A strong wind may cause the screen to fall. All pieces of the frame and stand must be used together. The screen can be used separately.
- To prevent unnecessary damage, the operating and maintenance of the screen should be done by adults.
- Please fold up screen and return all parts into the case after every use.

Ignoring the safety warnings may lead to injuries and/or damaging the product.

Store back into transporting case after use

Avoid conditions such as wind and rain when used outside

Do not take apart and replace with unknown parts. If there are any problems, please contact your local dealer. Product specifications are subject to change.

Installation

Picture 2

Picture 3

Picture 4

This projection screen should be installed at the best possible viewing position for the audience. Front projection (Fig. 1) and Rear projection (Fig. 2). Install according to material chosen.

1. Unpack and extend frame on a flat surface (Fig. 3 & 4).

Installation

2. To secure frame, "click" hinges into place (Fig. 5&6).

3. Make sure 4 corners are 90 degrees then secure with support beams (Fig. 7-9).

Disassembly

11. Store firstly frame and legs on the bottom layer of the freight case, fabric on top layer (Fig. 30).

Disassembly

1. Lay down the screen on flat ground (Fig. 24).

2. Take off screen from the frame by releasing the buttons then fold (Fig. 25).

3. Screw off the black knobs and fold the legs with releasing the locking system (Fig. 26-27).

Picture 27

4. Release the support beam on frame corners (Fig. 28) as well as the locking buttons on the frame, then fold the frame from both sides (Fig. 29).
