

CYBER SERIES

TAB-TENSION MOTORIZED SCREEN

16:9 200" Large-Format Immersive Viewing Experience

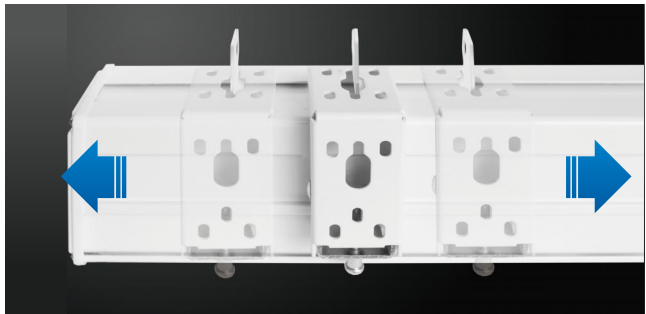

Design Philosophy

Inspired by Renaissance European architecture, the Cyber Series features a streamlined aluminum housing shaped with Corinthian-style contours and golden-ratio proportions. Its refined exterior blends classical elegance with modern simplicity, creating a screen that feels like a piece of collectible art.

Equipped with a high-tension tab-tension system, the screen surface stays perfectly flat, eliminating waves and wrinkles for cinema-grade clarity. The motorized mechanism offers precise, quiet operation and supports multiple smart control options for effortless switching between viewing and storage.

Core Advantages

Flexible Installation
Ceiling, wall, or suspended installation to suit home, commercial, and educational spaces. Sliding brackets along the rear track allow easy adjustment to the ideal mounting position.

Timeless Aesthetic Design
Aluminum housing inspired by Roman column architecture—durable, elegant, and functional.

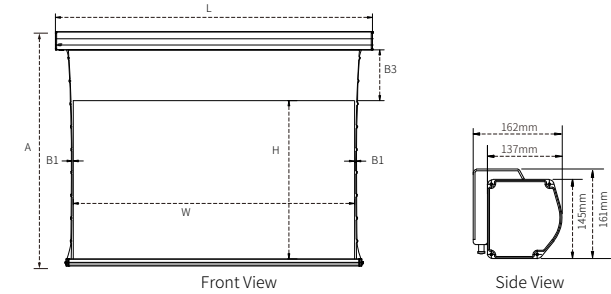

Versatile Control Options
Compatible with RS485/232, dry-contact control, and onboard manual operation. Supports IR or external RF modules, smart sync power control, and low-voltage wireless triggers for seamless, convenient control in any environment.

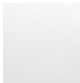

Ultra-Flat Image Quality
Even tension across the fabric ensures a ripple-free, distortion-free HD projection surface.

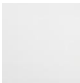

Product Specifications

Unit of measurement : mm							
Aspect Ratio	Diagonal Measurement	Viewing Area (W×H) mm	Black Drop (B3) mm	Lower Border (B2) mm	Left/Right (B1) mm	Product Height (A) mm	Product Length (L) mm
Mid/Long Throw Fabric							
4:3	100"	2032 × 1524	400	65	80	2181	2450
	120"	2438 × 1829	400	65	80	2486	2856
	150"	3048 × 2286	400	65	80	2943	3471
